

## **Reciprocity**

### **Michigan resident with Michigan CCW permit wishing to carry a concealed pistol in another state:**

If you are a Michigan resident with a Michigan concealed pistol permit and want to carry your pistol into another state you are strongly encouraged to contact that state for information on their concealed pistol law. A Michigan CCW permit does not supersede any other state's law or CCW requirements.

### **Non-residents of Michigan wishing to carry a concealed pistol in Michigan:**

If you are a non-resident of Michigan with a valid concealed pistol permit from your home state, Michigan will recognize your permit. However, you must carry in conformance with any and all restrictions appearing on the permit. You are subject to Michigan's concealed pistol law including but not limited to restrictions on where a concealed pistol may be carried. Please review the information provided on this website for further information.

Please visit the [Department of Attorney General's web site](#) for concealed weapons overview and related information.
